

# RESPONDING TO THE CRISIS IN EAST AFRICA

**Samaritan's Purse is providing much-needed assistance in East Africa and is continuing to meet urgent needs as a food shortage and refugee crisis are anticipated to impact millions of lives.**

More than **1.8 million** people have fled South Sudan while another **two million** have been forced from their homes, but are trapped in the country.

**Over 1.2 million** are now in Uganda, and about **2,000** more are arriving every day.

Uganda's Bidibidi refugee settlement is now the largest in the world, housing just over 272,000 people from South Sudan. The nearby Imvepi refugee settlement has another 90,000. Samaritan's Purse is busy in both settlements. We're drilling water wells, building communal and household latrines, and providing seeds and agriculture tools.

Your financial support and prayers are urgently needed for us to continue ministering in Jesus' Name to those suffering through these trials in East Africa as we seek to provide life-saving assistance, a future and hope.

You can double the impact of your donations to address the crisis in East Africa. The federal government is placing one dollar into its Famine Relief Fund for every dollar donated by individual Canadians (to a maximum \$100,000) to Samaritan's Purse Canada or other eligible charities until midnight June 30.
