Independent Auditor's Report

**To the Members of the Board
The Samaritan's Purse - Canada**

We have audited the accompanying consolidated financial statements of The Samaritan's Purse - Canada, which comprise the consolidated statement of financial position as at December 31, 2015, and the consolidated statement of operations and changes in fund balances and cash flows for the year then ended and the related notes, which comprise a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

"PwC" refers to PricewaterhouseCoopers LLP, an Ontario limited liability partnership.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for qualified opinion

In common with many not-for-profit organizations The Samaritan's Purse - Canada derives revenues from contributions and gifts in kind, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, verification of these revenues was limited to the amounts recorded in the records of The Samaritan's Purse - Canada. Therefore, we were not able to determine whether any adjustments might be necessary to contributions and gifts in kind, excess (deficiency) of revenue over expenditures, and cash flows from operations for the years ended December 31, 2015 and December 31, 2014, current assets as at December 31, 2015 and December 31, 2014, and fund balances as at January 1 and December 31 for both 2015 and 2014 years. Our audit opinion on the financial statements for the year ended December 31, 2014 was modified accordingly because of the possible effects of this limitation in scope.

Qualified opinion

In our opinion, except for the possible effects of the matter described in the Basis for qualified opinion paragraph, the consolidated financial statements present fairly, in all material respects, the financial position of The Samaritan's Purse - Canada as at December 31, 2015 and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

The Samaritan's Purse - Canada

Notes to Consolidated Financial Statements

December 31, 2015

1 Nature of the organization

The Samaritan's Purse - Canada ("the Organization") was incorporated under Part II of the Canada Corporations Act in 1973 and was continued under the Canada Not for Profit Corporations Act on November 8, 2013. The Organization is a not-for-profit nondenominational evangelical Christian organization providing spiritual and physical aid to hurting people around the world and the Organization distributes gifts in kind such as gift-filled shoeboxes, and medical supplies, and equipment in countries where there is need.

Based on the Scriptural example of the Good Samaritan in Luke 10:25-37, the Ministry helps meet the needs of people who are victims of war, poverty, natural disasters, disease, and famine with the purpose of sharing God's love through His Son, Jesus Christ. The Ministry serves the church worldwide to promote the Gospel of the Lord Jesus Christ.

The Organization is a registered charity under the Income Tax Act and accordingly is exempt from income taxes.

In April 2013, the Organization established a wholly owned subsidiary, 1741990 Alberta Ltd. (the "Company") under the Government of Alberta Business Corporations Act through the issuance of shares. The Organization and the Company have a common board of directors. The Company was established in connection with the Organization's purchase of land and a building for a ministry center in northern British Columbia. The ministry center is the base of the Organization's evangelistic work in the area, with a focus on reaching the community through food hospitality and youth activities related to sports, games, and music. The building purchased previously housed a restaurant and kitchen facilities which are being used to facilitate the ministry plan. The Organization is planning the operation of a small café to further support the evangelistic outreach in the community. Any commercial activity associated with the operation of the café will be managed in the Company.

As at December 31, 2015, the café had not yet commenced operations, and accordingly the activity of the Company for the year ended December 31, 2015 was insignificant.

2 Significant accounting policies

Basis of presentation

The Organization's consolidated financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations ("ASNPO").

Use of estimates

The preparation of financial statements in conformity with ASNPO requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and the disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenue and expenses during the reporting period. These estimates and assumptions are the responsibility of management. These estimates and assumptions are subject to measurement uncertainty and actual results and financial position may differ from those reported in these financial statements. Significant estimates included in financial statements are useful life of capital assets, accruals and valuation of gifts in kind.

The Samaritan's Purse - Canada

Notes to Consolidated Financial Statements

Fund accounting

The Organization follows the restricted fund method of accounting for contributions. The Organization maintains the following funds:

- The General Fund reports the assets, liabilities, revenue and expenditures related to the general operating activities of the Organization.
- The Capital Fund reports the assets, liabilities, revenue and expenditures related to the Organization's capital assets.
- The Ministry Fund reports the assets, liabilities, revenue and expenditures related to the Organization's programs or locations.

Revenue recognition

Unrestricted contributions are recognized as revenue in the General Fund in the year received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Restricted contributions related to a specific program or location are recognized as revenue of the Ministry Fund in the year received.

Unrestricted investment income is recognized as revenue of the General Fund.

Contributed goods and services

Donations of goods and services are recorded when the fair market value is reasonably determinable, and when they would otherwise be purchased by the Organization.

A portion of the Organization's work is dependent on voluntary services from many members and supporters. Because of difficulty in determining their value, these contributed services are not recognized in the financial statements.

Investments

Fixed income investments are carried at amortized cost. The investments are recorded at fair value at time of acquisition and thereafter are measured at amortized cost using the effective interest method.

Equity investments are carried at fair market value determined by reference to published price quotations in an active market. The change in fair market value is recorded directly in the Statement of Operations in the General Fund. Transaction costs are expensed as incurred.

Investments with maturities within one year have been classified as short-term investments.

The Samaritan's Purse - Canada

Notes to Consolidated Financial Statements

December 31, 2015

Inventory

Inventory is comprised of supplies to be distributed to beneficiaries at no charge and is recorded at the lower of cost and current replacement cost.

Foreign currency translation

Current assets and liabilities denominated in foreign currencies are translated at exchange rates in effect at the end of the year. Transactions during the year are translated at exchange rates in effect at the date of the transaction. Exchange gains and losses occurring from the date of the transaction to the date of payment are reflected in the Statement of Operations.

Capital assets

Capital assets are recorded at cost. Donated capital assets are recorded at fair value at the date of contribution. Amortization is recorded using the straight line method over the following estimated useful lives:

Building	40 years
Computer equipment and software	3 to 5 years
Office furniture and equipment	3 to 5 years
Automobiles	5 years
Project equipment	3 to 5 years

Financial instruments

The Organization initially measures financial assets and financial liabilities at their fair value. It subsequently measures all its financial assets and financial liabilities at amortized cost, other than equity investments quoted in active markets which are measured and reported at fair value. The financial assets subsequently measured at amortized cost include cash, accounts receivable and fixed income investments. The financial liabilities measured at amortized cost consist of accounts payable and accrued liabilities.

The Organization has assessed the relevant financial risks of its financial instruments:

a) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Organization maintains a low risk portfolio of investments and does not have a concentration of credit exposure with any one customer or sponsor. The Organization does not consider that it is exposed to undue credit risk. There has been no change to the risk exposure from the prior year.

The Samaritan's Purse - Canada
Notes to Consolidated Financial Statements
December 31, 2015

b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Organization is not exposed to interest rate risk as its investments are in fixed rate instruments with investment terms that are staggered. There has been no change to the risk exposure from the prior year.

c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Organization is not exposed to liquidity risk as it maintains sufficient cash and cash equivalents to meet its ongoing obligations. There has been no change to the risk exposure from the prior year.

d) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Organization is exposed to currency risk on ministry expenses denominated in currencies other than Canadian dollars, with the majority of foreign-denominated ministry expenses denominated in United States dollars ("USD"). The Organization mitigates this risk by holding a portfolio of USD fixed rate investments with staggered terms. There has been no change to the risk exposure from the prior year.

Comparative figures

Certain of the prior year's figures have been reclassified to conform to the current year's presentation.
